

****Naveen Guru****

New Delhi, India -110014 | 98711 61344 | singhnaveen360@gmail.com | [LinkedIn](https://www.linkedin.com/in/naveen-guru-b23a7816a) | [GitHub](https://github.com/Naveen071110)

****Professional Summary****

Results-driven Software Engineer with 4+ years of experience in full-stack development, data engineering, and cloud-based solutions. Expertise in designing, developing, and deploying scalable software applications using modern technologies such as JavaScript, Python, Django, and AWS. Proven ability to lead technical projects, optimize database performance, and mentor team members. Strong background in agile environments with a focus on delivering high-quality, maintainable code.

****Technical Skills****

- ****Languages:**** JavaScript, Python, Java, SQL, HTML, CSS, JSON, XML
- ****Frontend:**** React (familiar), JavaScript, HTML, CSS
- ****Backend:**** Node.js, Python (Django, Flask), Java (Spring Boot), RESTful APIs
- ****Databases:**** PostgreSQL, MySQL, Clickhouse, MongoDB (familiar), MS Access
- ****Cloud & DevOps:**** AWS, Docker, Kubernetes (familiar), CI/CD, Git, Jira, Linux/Ubuntu
- ****Tools:**** Informatica, Postman, PyCharm, VS Code, MySQL Workbench, Slack, Control M
- ****Other:**** Data Migration, Data Visualization (Power BI, Excel), Machine Learning (Keras, TensorFlow)

****Professional Experience****

****Data Specialist****

WIPRO DOP | Noida, India

Dec 2021 – Present

- Led the design and development of data migration solutions using Informatica, reducing data processing time by 25% for client projects.
- Developed and optimized complex SQL queries and stored procedures in PostgreSQL and MySQL, improving data retrieval efficiency by 30%.
- Collaborated with cross-functional teams to implement RESTful APIs and microservices for seamless data integration.
- Utilized AWS for cloud-based deployments and managed CI/CD pipelines for automated testing and deployment.
- Mentored 3 junior team members, providing technical guidance and training on Informatica and SQL best practices.
- Recognized with an excellence award from US-based team for outstanding performance and work ethic.

***Technologies:** SQL, Informatica, PostgreSQL, AWS, Linux, Jira, RESTful APIs, CI/CD*

****Data Engineer****

APPLICATE AI (now Salescode.ai) | Gurugram, India

Dec 2019 – Dec 2021

- Designed and developed full-stack applications using Django, JavaScript, and HTML/CSS for clients like SHELL and Mars.
 - Engineered database migration strategies for SQL and NoSQL databases, ensuring data integrity and performance.
 - Built and maintained RESTful APIs using Postman for testing and deployment, enhancing system interoperability.
 - Implemented cloud-based solutions on AWS, reducing infrastructure costs by 20%.
 - Trained and onboarded 4 new team members, improving team productivity and project delivery timelines.
- *Technologies: MySQL, Clickhouse, Django, JavaScript, AWS, JSON, RESTful APIs*

Projects

Machine Learning Project

University Project | 2019

- Developed a predictive model using Keras and TensorFlow to classify objects and apply filters, achieving 95% accuracy.
- Utilized Python and Matplotlib for data visualization and analysis.

Technologies: Python, Keras, TensorFlow, Matplotlib

Motivational Quotes Website

Individual Project | 2020

- Designed and deployed a dynamic website using Django, JavaScript, and HTML/CSS, featuring user-generated content.
- Implemented responsive design principles to ensure compatibility across devices.

Technologies: Django, Python, JavaScript, HTML, CSS

Education

B.Tech in Computer Science and Engineering

Amity University | Noida, Uttar Pradesh, India

2015 – 2019

Certifications & Professional Development

- AWS Certified Developer (in progress)
- Agile Methodology Training (Jira)
