

Dear Hiring Manager,

I am writing to express my strong interest in the Senior React Developer position. With over five years of experience in modern frontend development, I have been looking for an opportunity to apply my skills in a senior role that emphasizes leadership and technical excellence.

My experience includes leading a team of developers at TechCorp Inc., where I architected scalable applications using React and TypeScript. I successfully mentored junior team members and optimized performance, resulting in significant efficiency gains. I am passionate about building robust, maintainable systems with modern frameworks.

I am excited about the possibility of contributing to your team and am confident that my background aligns well with your requirements. Thank you for considering my application.

Sincerely,
