Professional Summary

Senior React Developer with 5+ years of experience specializing in modern frontend frameworks, including React and TypeScript. Proven expertise in leading development teams, architecting scalable web applications, and mentoring junior engineers. Demonstrated success in optimizing performance, improving development efficiency, and delivering high-quality software solutions.

Technical Skills

- ****Frontend:**** React, TypeScript, JavaScript, HTML5, CSS3, Redux, Next.js, D3.js
- ****Backend:**** Node.js, Express.js, REST APIs, GraphQL
- ****Databases:** PostgreSQL, MongoDB, Redis**
- ****Tools & Platforms:**** Git, Docker, AWS, CI/CD, Jest, Webpack
- ****Methodologies:**** Agile, Scrum, Sprint Planning, Code Reviews, Automated Testing

Professional Experience

****Senior Frontend Developer**** | TechCorp Inc. | San Francisco, CA | March 2020 – Present

- Led a team of 4 developers in designing and building responsive, high-performance web applications using React and TypeScript.
- Architected and implemented a reusable component library, reducing development time by 30%.
- Collaborated with UX/UI designers to create intuitive and accessible user interfaces.
- Mentored junior developers and conducted code reviews to ensure adherence to best practices and code quality standards.
- Optimized application performance, resulting in a 40% improvement in load times.

****Software Engineer**** | StartupXYZ | San Francisco, CA | June 2018 – March 2020

- Developed full-stack applications using React, Node.js, and PostgreSQL.
- Implemented automated testing strategies, improving code quality and reducing bugs by 25%.
- Built and integrated RESTful APIs and third-party services to enhance application functionality.
- Participated in agile development processes, including sprint planning and daily stand-ups.

Projects

****E-commerce Platform****

- Built a complete online shopping platform using React and Node.js, featuring user authentication, product catalogs, and payment processing.

****Task Management App****

- Created a collaborative project management tool with real-time updates using React and WebSockets.

****Data Visualization Dashboard****

- Developed interactive charts and graphs using D3.js to display complex data sets in an intuitive manner.

Education

****Bachelor of Science in Computer Science****

University of California, Berkeley | 2014 – 2018

Certifications

- AWS Certified Developer (optional – add if applicable)
- React Certification (optional – add if applicable)
